Personally the Offg Chief Engineer is adverse to the granting of such a scholarship to study at Coopers Hill - more especially in the branch of Electric Engineering. It would be much better to qualify in such a branch as Electric Engineering by being "articled" to a large

Until a reply is received from the Coopd - C

forms of Electric Engineers,
where some of 3 or 4 years of
experience in actual practice
of the profession in all its
branches would be of great
utility. I have asked Captain
de Lotbinière to state his
views on the subject for the
information of Government

Wm. D. McGillivray
Offg Chief Engineer

13/3/01

I consider that - any
student - Govt may
send to study electricity
to be of real value to
the State, should be
trained in the Annual
Electric Cars shops at
Schenectady U.S.A., as
all our plant - is
built - there
A thorough training
would involve a
stay in the U.S. of
at least - five years
Three years in the shops
+ two do as assistant -
in charge of a Generating
station
This course would
cost Govt - say £700
1st 2 years @ £150 = 300
2nd 2 years @ £100 = 200
3rd year £ 50 = 50
Travelling exs = 150
£ 700.

I think this Question might -
be allowed to wait - for
the present

Hyde Lotbinière

a Research Studentship
shall extend to the
Examination in the
Habitation, seems also
to be a matter to be
under consideration.

Until the above questions
have been decided, it
seems best not to
promise or award
any Scholarships from
that Fund in the manner
proposed by Mr Cook.

The Draft Statute
not quite in favour of
a Scholarship being
granted to Ramsay as
a substitute for the
same amount would
I think have good in
the case of the second
applicant. Were such
Regulations to be effected
to go to England to come
in any with Ramsay.

I am told that
Ramsay has accepted
a Scholarship from the
Forest Assn & has
either gone, or will
shortly go, to Oxford
Mem for some time a
Course of instruction
in Forestry.

2. The Personal state-

"Your Excellency, a
State grant of twelve
Scholarships
as those recommended,
seems out of the question
under all the circumstances
of the case, would
simply, & without appearing
reasons, reply to the
letter as follows:—

"Your ~~application~~ request for twenty
grant from State funds
the Scholarships re-
-commended by Ramsay & Mackinnon
The disposal of the
Dunedin Charity
Board is still under
consideration & Govt
are at present unable to sanction
~~any~~ the payment of any
Scholarships
from it".

Narayan Iyer came to me
& I sent him to Mr Smeeth
He is well-inclined to recommend
Narayan Iyer as an apprentice
for geology. If he is willing he
may work under Mr Smeeth
on the same terms as one Sampath
Iyer who has been working
under Mr Smeeth as a Volunteer
for the last one year without
obtaining any remuneration
and whom Mr Smeeth re-
commends very strongly

Inform him accordingly Hy

This applicant may be asked to see Major Lothmer Hy

Hy Narayan Iyer
would ask Major Lothmer
to examine Mr Hendley's report
upon his aptitude for working
as an Electric Engineer
The next step will be to
ascertain whether the Company
in America will take him
on as an apprentice & train
him up. If so on what terms
This maybe Hendley ascertained
by Major Lothmer. If
this could be arranged before
or before any action is taken
in that direction Narayan's
father & friends will press
to ascertain if this apprenticeship
will be ascertained
The last thing to be ascertained
will be whether after all the
Narayan can be employed
by the Mysore Govt. If so on what

Dear Mr Chamberlain

I am glad to encourage a
deputation student to make
himself useful like this
by going to America & England
& thereby avoiding the formalities
as above as far as I am concerned

The Committee of the
Damodar Valley Chambers
should be asked whether
they object to the grant of a formal
scheme =

I will then ask my Secretary
to get a letter
which I will sign
& which I can show to the Hon'ble Dr Committee

28/4

This is a matter for the Diwan & Council - Please submit it to him -

29/4/01

Submitted to the Diwan.

The question for orders concerns the application for a Scholarship of 50 Rs a month to H Narasimha Iyengar as recommended by Mr Cook

The Applicant wants 50 Rs, but he has only nothing and I put the sum I think the College Fee is actually 25 Rs & I believe he is not entitled to any more than

1/5/01

He wants to go to England or America - Now I see he seems disposed to leave an advantageous school without finishing under the Trustees - He writes a clerky hand & Satyam where I have seen it mean Calcutta & the training there do good as I presume. The Principal Government & the Collector & Scholarship as I may obtained for ?

Hope he can succeed in the Mysore matter finally. It is I know what to say - in this matter - The young man seems only educated knowledge in his advantages & of going to foreign land

To

The Secretary to the Govt of Mysore,

Genl & Rev Departments

Sir,

I have the honor to forward for the favourable consideration of Government an application from Mr B V Ramiengar, who has just passdd the B A Degree Examination from this College

He is the son of Mr B Venkatapathiengar, Deputy Inspector of Schools He is 21 years of age and has received all his education in the Central College He has the consent of his father in his application for a Government scholarship to proceed to England and qualify for an Engineering Degree at Cooper's Hill taking Electricity as his special subject

He has been a very good student all through his course and he has taken the B A Degree with a Second class in each Branch He showed a special aptitude for the practical part of the B A course in Physics and Chemistry and I should anticipate his success in Engineering, which is but the practical application of our Science teaching

He has an excellent physique and I believe him to be a young man of very good character, likely to turn his time to good account in England, and likely to reflect credit on the Mysore Government I have therefore much pleasure in recommending that the ~~Mysore~~ Government entertain his application favourably

I have the honor to be,

Sir,

Your most obedient servant,

Principal

HH 10/4/01

Central College, Bangalore
20th March 1901

From
The Principal,
Central College, Bangalore

To
The Secretary to the Govt of Mysore,
Genl Rev Departments

Sir,

In reply to your docket No 12109/-1s 3208 dated 12th March 1901, requesting favour of report as to the extent of help applied for by B V Ramiengar, with reference to his application for a Post-Graduate Scholarship, to enable him to proceed to England and qualify for an Engineering Degree at Cooper's Hill, taking Electricity as his special subject, I have the honor to forward reply received from Mr B Venkatapatiengar, Deputy Inspector of Schools and father of the applicant, from which it appears that £200 per annum, for a period of three years, with amount of passage money to and from England is the figure named

2 I have the honor to forward a somewhat similar applic tion from N Narasimha Iyengar, a student of last year's BA class who has just passed his B A Degree taking the first place for the University in Geology as his optional subject He also submits an application for a Post-Graduate Scholarship to England taking Engineering with Mining and Metallurgy as his special branch, in which the figure quoted by him as necessary for his support in England is put at the same as that given above

I can speak in the very highest terms of N Narasimha Iyengar as likely to prove an excellent student in every way The practical interest he has taken in Geology during the past two years has been altogether unique, and I have the greatest pleasure and confidence in recommending his application to the favourable consideration of the Government I may add that his relatives will have no objection to his going to England provided he goes in company with the other applicant B V Ramiengar

3 I beg to suggest that a beginning may be made with the application of the income from the Damodar Das Funds for the

No 482

encourage of Post Graduate study to the cases of these two students this is on the understanding that the Government has not committed itself to the offer of the Damodar Das Funds for amalgamation with those of the Tata Endowment for the Indian University of Research, which I have seen publicly indicated more than once

I have the honor to be,

Sir,

Your most obedient servant,

Principal

Bangalore
17th March 1901

From

B Venkatapathiengar,
Asst Inspector of Schools,
Bangalore District

To

Cook Esquire c/o &c &c
Principal, Central College,
Bangalore

Sir

I beg to acknowledge the receipt of your docket No 463 dated the 13th inst and its enclosure - From enquiries which I have made, I am given to understand that the course of training in the Cooper's Hill College, extends over a period of three years, and that the annual expenses of a student of the college amount to £200 The fore

men

Government of India gives a scholarship of £200 to its scholar selected for training in England, with the passage money to and from England, and the Government of H. H the Nizam sends every year one or two students to the Cooper's Hill College for training and each student is allowed Rs 500 a month for his maintenance during his stay in England

Having a large number of children to bring up and educate I have not been able to save anything out of my pay, and I have no other means of support I am not therefore in a position to render any help to my son, and he will therefore depend entirely on the benign Government for support, if he is so fortunate as to be selected and sent to England for training as a Government Scholar

I beg to remain,
Sir,
Your most obedient servant,
B Sreekantaiah

N Narasimengar
lately a Student of Central College
Bangalore

To

The Secretary to the Government
of Mysore
General and Revenue Department

Sir,

With due deference and respect I beg to bring the following few lines to the kind consideration of Government —

I have been a student of the Central College, Bangalore, for the last four years I passed my matric and FA, from both in first class, from Shimoga and Central College, in the years 1896 and 1898 respectively I passed the B A degree examination in December 1900 with Geology as my optional subject I passed my optional branch in first class, being also ranked first to the Presidency My father is late Mr N Seshavengar B A, who was an assistant master in Hassan High School and died in 1888

I am [illegible]

proceeding to England and studying for Engineering, especially mining and metallurgy or some other branch what the Government may think more useful to the country I beg that the Government may be pleased to grant me a scholarship to enable me to proceed to England to get the necessary qualifications I hear that another candidate has applied for a scholarship to go to England If I go in Company with him my people will have no objection for my going Since I have to live in England as a vegetarian, the living would be rather costly, and the least amount on which I could maintain myself is £201 a year

I beg to remain,
Sir,
Your most obedient Servant,
Narasimhan

16

To

The Secretary
General and Revenue Department
Government of Mysore

Sir,

I beg respectfully to bring the following few lines to the kind consideration of Government

In my application of the 18th March 1901 I prayed the Government to grant me a scholarship to proceed to England to study for Mining and Metallurgy, if the application of another candidate, also to proceed to England should be granted Since he has already joined the Dhera Dhun Forest School, there is, I believe, no likelihood of his going to England, and my people will not give their consent for my going alone In these circumstances I have a great desire to study for Engineering, especially mining at the Sibpur Engineering College, Calcutta The Course extends over five years, the first four of which are devoted to both theoretical and practical work, and the fifth entirely to practical work The term begins on the first June

I [illegible] application

and FA examination, both in first class from Shimoga and the Central College respectively in the years 1896 and 1898. The B.A degree examination of December 1900, also passed taking the first place in the first class of the optional subject, Geology. My father is the late Mr N Keshavaiengar B A who was the first Asst Master, Hassan High School and died in the year 1888. My age is twenty years and seven months, and my native place is Shimoga.

I beg that the Government may be graciously pleased to grant me a scholarship of Rupees fifty a month to enable me to join the Sibpur Engineering College.

I beg to remain
